At this point we do not currently offer sibling discounts for families. Bryce is a very nice guy!

Will the campers be divided into groups by age?

Yes, campers will be broken up into groups by their age. This allows for all campers to participate and activities along with similarly aged peers.

Are there separate locations for each of the age groups?

No, all age groups' home base will be the Multi-Purpose Room in the Recreation Center.

How does swim time work?

Campers will have the opportunity to swim in our pool on Mondays and Wednesdays from 12pm-3pm.

Can my camper use their own floaties or a swim vest?

Unfortunately, floaties will not be allowed. If a camper does want to bring their own Personal Flotation Device, Carbon Valley Recreation Center pool rules require these Personal Flotation Devices to be Coast Guard Approved. To ensure the safety of all campers, campers who would need floaties or a swim vest will be limited to the zero depth pool. An alternative activity will be given to campers not wanting to participate in swim time.

What are the qualifications and trainings for the summer camp counselors?

We follow the guidelines set by the Colorado Child Care Licensing Standards for camp staff screening and training. Camp staff are at least 16 years of age with most being 18+. All camp staff are CPR, First Aid and AED certified and receive certification in Universal Precautions. Additionally, the camp staff are also thoroughly background checked. Prior to the start of Carbon Valley Camp, camp staff will attend 15 hours of mandatory training on various topics including: camp policies, facilitating games, and learning how to work successfully with children.

What are my options if Carbon Valley Camp fills up?

You may put your camper on our Carbon Valley Camp 2019 waitlist. While there is no 100% guarantee that we will be able to get your child enrolled in Camp, it doesn't hurt to place your child on the waitlist as some participants drop out of Camp prior to our registration deadline. If your child is selected off of the waitlist, you will be contacted by the Youth Programs Coordinator. At that point you will have 24 hours following notification to complete the registration process before the next participant on the waitlist is contacted.

I only need care on Mondays and Tuesdays, is there any way to sign up for those two days?

Unfortunately, in order to maximize on the number of children we are licensed for, registration for summer camp is limited to **full-week** participants only.

Does my child need to stay the entire day?

In the event you would like to pick-up your camper before 4:30 p.m., please notify the Camp Director to identify where the camp is currently located.

My child has attended full-day preschool. Do you ever make an exception to your K-5th grade rule?

Carbon Valley Camp's campers must be 5 years of age as of the camp start date. The maximum age is 13 years of age as of the camp end date.

How quickly does your camp fill?

We anticipate camp reaching max capacity quickly so please register immediately if you are interested in attending.

How do you supervise your field trips?

Campers are assigned to groups with designated staff who are responsible for their whereabouts at all times. Prior to leaving any location, staff take roll call and a head count of the group. Staff are routinely asked to identify the number of campers in their direct care as well as the total number in camp that day. All counselors are equipped with a first aid pack, an emergency phone list and a staff/group phone list for the day.

My child has an epi pen.

The safety of our campers is extremely important. Our head camp counselors all attend a training called Medication Administration and are then delegated to by our nurse consultant. We take allergies very seriously and take precautions to decrease the opportunities for any allergic reactions. However, if a situation does arise, our staff has the training to act quickly and effectively. Please be sure to read more in our Parent Manual about Medications at Camp and call if you have any other questions.
