## **WELCOME TO CAMP CARBON VALLEY!**

Camp Carbon Valley is a state licensed camp program for school-aged children that is excited to spend an entire camp creating lifelong memories and cannot wait to meet you! We are committed to providing your child with a rewarding and memorable experience. We have hired role models for your children who will help build character, positive experiences and memories that will last a lifetime.

We believe that each child deserves to be happy and content with their camp experience. Our days are filled with a lot of different activities designed for ages 5-13. We ask parents to use their best judgment if enrolling a young child who is unaccustomed to a large setting with 30 children of varying ages; as well as older children who may not be interested in being in a camp for various ages. We will provide a combination of structured activities for the campers to participate in as well as supervised free time. In order to provide that environment, there are camp guidelines which all children will be expected to follow.

This parent handbook is designed to prepare and assist you with sending your child to camp. Please review this handbook carefully and review the camp rules and guidelines with your child.

## **PHILOSOPHY OF THE CAMP CARBON VALLEY PROGRAM**

Each child is unique in their own way. At Camp Carbon Valley each child's interests and skills are valued and encouraged. We want to help children develop confidence in themselves while knowing that they are well supported.

### **EMERGENCIES AND INCLEMENT WEATHER**

The Emergency Action Plan (EAP) will be followed during all emergency and weather-related situations on-site. Staff are trained in these established safety procedures.

When off-site, the staff will follow the established emergency action plan of the facility for all emergency and weather-related situations.

In the event of an emergency where evacuation is necessary, parents will be notified as soon as possible. If parents cannot be located, the child's emergency contact will be notified.

If the home-base for drop-off or pick-up is moved for any other reason, the parent/guardian or emergency contacts will be notified of the new location.

### **CAMPER RATIOS**

In compliance with state licensure, we will operate at a minimum of 1:15 staff to camper ratio at all times. That said, we plan to overstaff our camp to usually have a ratio closer to 1:8 staff to camper.

### **BATHROOM PROCEDURES**

No camper is ever alone, and no camper is ever alone with a staff member. All campers will take trips to the bathroom with the entire camp and / or groups of campers escorted by camp staff. Campers will only use bathrooms inspected for safety by camp staff.

### **MISSING CAMPERS**

The safety and care of your children is our number one priority. We go to extensive measures to ensure all campers are accounted for at all times:

- Campers are assigned to groups with designated staff who are responsible for their whereabouts at all times.
- Prior to leaving any location, staff take roll call and a head count of the group.
- Staff are routinely asked to identify the number of campers in their direct care as well as the total number in camp that day.

In the event that a camper is missing while at Carbon Valley Recreation Center, the entire group shall remain where they are until the camper has been found. If the missing camper is not located within five minutes, staff will complete the steps below.

- Staff notify the Camp Director of the missing camper with all pertinent information.
- The camper's picture card (if available) is retrieved while staff and campers are asked where the camper is or was last seen.
- The Camp Director initiates the Emergency Action Plan for a Missing Person which notifies all staff (not just camp staff) of the situation and begins the search for the camper.
- If the camper is not found after fifteen minutes of searching, 911 is called. The parent/guardian and emergency contacts, if necessary, are also contacted at this time.

In the event that a camper is missing while on a field trip, the entire group shall remain where they are until the camper has been found. If the missing camper is not located within five minutes, local management will be contacted and campers will be brought together to convene upon the pre-designated meeting place. We will notify the police as deemed necessary by local management and camp staff. You will be notified promptly if initial searches fail to secure your child.

## CODE OF CONDUCT AND BEHAVIOR MANAGEMENT

### Code of Conduct

Appropriate social behavior is requested for all programs including campers, staff, and parents/guardians. Individuals are encouraged to act in a way that will not hurt another person physically, mentally or emotionally. A participant may be asked to withdraw from camp if behavior does not comply with the Code of Conduct.

### General Rules

1. Stay with your group at all times.
2. Cross the parking lot at the crosswalk. Look both ways before crossing.
3. Always walk. Never cross between cars.
4. Keep two feet on the ground; stay off of fences or trees.
5. Use appropriate language that is respectful and mindful of all.
6. Keep your hands to yourself and respect others' personal space.
7. Listen to and respect the rules and boundaries of any games played in camp.
8. Participate and cooperate during activities.
9. Teamwork makes the dream work. All campers are expected to be team players.

### Behavior Management

All campers are expected to comply with the Code of Conduct. Staff will use positive methods of guidance that encourage independence and a sense of responsibility. Redirection is a method staff use to guide the child from inappropriate play to a more appropriate activity.

Campers will be given alternate choices to assist with problem solving behavior issues. Physical/emotional punishment, or any punishment associated with food, rest, or toileting is never used.

If a camper refuses to comply with the Code of Conduct, or the camper's behavior is otherwise deemed inappropriate or disruptive by staff, the following steps will be taken:

- 1st offense: Camper will be redirected and given a verbal warning
- 2nd offense: Camper will be asked to take a personal time-out
- 3rd offense: Camper will lose some or all of the privilege of participating in a special activity (Swimming, Gymnastics, Dance party, etc.)
- 4th offense: Camper will talk with Camp Leadership and parent will be called to discuss a positive plan for change.
- 5th offense: Parent will be called to pick-up child early or risk the child being suspended for additional days of camp or removed from camp completely.
- 6th offense: Camper will be suspended from camp based on severity of the offense with no refund.

**If a participant's behavior poses an immediate threat to themselves/others, or is causing significant disruptions to the camp, the parent/guardian will be called and required to pick-up the camper immediately.**

### Zero Tolerance Policy

Carbon Valley Camp has a zero-tolerance policy for serious behavior infractions since our goal is to provide a healthy, safe and fun environment for every camper. The behaviors below are grounds for immediate removal from camp for the remainder of the current day and additional days as deemed necessary by camp staff. If a child is removed from camp no refunds will be given. Each incident will be considered on a case-by-case basis to determine if the child is capable of functioning in a group setting while at camp. The Camp Director and Youth

Programs Coordinator will meet with the camper's parent(s)/guardian(s) to determine a course of action and the length of the suspension.

Serious behaviors that may result in immediate camp suspension:

1. Any behavior that endangers the health and safety of children, staff or members
2. Leaving the day camp program without permission, or refusing to remain with assigned group
3. Inappropriate touching of other campers or sexual misconduct
4. Theft, defacing or destruction of property belonging to the CVPRD or others

6. Gang-related activity
7. Possession of weapons, tobacco, alcohol or illegal drugs

## **REPORTING OF CHILD WELFARE CONCERNS**

As a child care facility, each staff member is required to read and sign a statement clearly defining child abuse and neglect pursuant to state law and outlining the staff member's personal responsibility to report all incidents of child abuse or neglect according to state law.

Should you suspect child abuse at our facility, a report of suspected child abuse must be made to the county department of social services, police department, or other law enforcement agency in the community or county in which the day camp facility is located.

**Thank you for your enrolling your camper in Carbon Valley Camp, Camp Bloom! We look forward to a fun session with all of our campers. We hope your camper will gain a lifetime of memories and make some new friends along the way. We hope our program goals and objectives will help guide the way:**
